Top Skills

Intelligent Agents
Autoencoders
Image Segmentation

Certifications

Introduction to R Programming
Beginner: Introduction to Generative AI Learning Path
Advanced: Generative AI for Developers Learning Path
Advanced Reinforcement Learning: policy gradient methods
SQL+Python+Tableau

Publications

A Transparent Transformer Framework for English–Hindi Neural Machine Translation: Design and Preliminary Evaluation

Saurabh Kumar

AI Engineer | Shipped AI Meeting Note App on Google Play Store |
B.Tech AI ML @ GNIOT
Delhi, India

Summary

I build AI products that ship, not just models that sit in notebooks. Currently pursuing B.Tech in AI & ML at GNIOT, I work at the intersection of data engineering, machine learning, and applied AI with a focus on turning complex problems into real-world tools people actually use. What I've shipped: AI Meeting Note — An Android app on the Google Play Store that uses AI to automatically transcribe, summarize, and structure meeting notes. Built end-to-end: from model integration to mobile deployment. Link: <https://play.google.com/store/apps/details?id=com.enxo.meetingminut>
What I bring: 1. Data & Analytics: SQL, Python, Tableau — built pipelines and dashboards that surfaced actionable insights across domains 2. ML & AI: Hands-on with Machine Learning models, OpenCV, and applied NLP 3. Certifications: Data Analytics & Cloud Computing from 365 Data Science 4. Stack in progress: Full-stack web development + data architecture + AI/ML systems
I don't just study AI, I deploy it. Whether it's shipping an app to the Play Store, building a data pipeline, or exploring how AI can reshape healthcare, edtech, or social impact, I chase problems worth solving. Currently open to: AI/ML Engineer, data science roles, and collaborations with founders and teams building meaningful products. Portfolio: saurabhkumar9901.github.io/portfolio

Experience

EnxtAI

AI Developer
October 2025 - Present (1 year 1 month)
Noida

Briqlabs

AI Developer
March 2025 - September 2025 (7 months)
India

Education

Greater Noida Institute of Technology(GNIOT)

Bachelor of Technology - BTech, Artificial Intelligence · (September 2022 - September 2026)

Kendriya Vidyalaya

High School Diploma, Biology, General · (April 2017 - April 2019)
